

Meeting Summary:

Meeting date and time: 11/27 4:00-4:15

Personnel: Everyone **Platform** discord:

Summary:

This meeting was a short meeting to discuss future steps for the project. Abhinay gave an update on how he was doing on the new iteration of requirements. He said he would have them done by tonight. Abhinay then gave new tasks to everyone for the week and the meeting ended.

Action Items (who is going to work on what, what is the deadline):

1. Muxing:
 - a. Continue to refine the Use Case diagram.
 - b. Update requirement enumeration on Use Case to fit the new requirement list updates.
2. Gram:
 - a. Continue to refine the Domain Model.
 - b. Update requirement enumeration on the Domain Model to fit the new requirement list updates.
3. Eric:
 - a. Finish up the prototype
4. Abhinay:
 - a. Finish the updates for the requirements list.
5. Matt:
 - a. Continue checking the SRS for grammar and spelling errors.
