

## **Team TJA3**

Project Manager: Abhinay Devapatla

Project Facilitator: Gram Boyle

Artifacts Manager: Eric Gabbard

Domain Expert/Customer Liaison: Matt Crandall

Security/Assurance Manager: Muxing Dai

## **Questions**

1. When should the internal camera that monitors the driver activate?
2. What should the system do when it enters highways that have a lot of hills and tunnels?
3. What are all the scenarios the TJA system should deactivate itself?
