Meeting Summary:

Meeting date and time: 11/17 4:30-5:00 (Meeting was originally supposed to be on 11/16 but got moved back due to conflicts)

Personnel: Everyone **Platform** discord:

Summary:

      We spent a good majority of the meeting talking about the new assignments discussed in class. Group members were unsure if they were supposed to upload a review of their own SRS as well as another group's SRS or only should they only review a different group. Abhiney concluded this discussion by saying he would ask in the help room tomorrow. Abhinay then sent in the SRS draft and tasked everyone with spelling, grammar and content checking the document. Finally Abhinay and Eric gave everyone the status of the prototype, which was very close to being done.

Action Items (who is going to work on what, what is the deadline):

1. Everyone: Review SRS for grammar and spelling mistakes - deadline 11/17
2. Everyone: Turn in peer review documents - deadline 11/18
3. Abhinay/Eric: Finish the prototype - deadline 11/18
4. Abhinay: Turn in SRS - deadline 11/18
